Subject: Re: Hook up

This is Kevin Springer and I live at Queen, 392, Strathroy On.

This letter is concerning hooking up to town water and sewer.

I was going to hook up some time ago but the fees made it impossible for me and they told me that the road was be redone and if I waited they wouldn't have to charge those fees. I may have miss understood but I went ahead with getting this done but got a large bill for a connection charge. I'm writing to see if anything could be done as BM Ross already installed the hookups at my place. I'm asking because I have a budget that did not include that 2000 dollar fee.

I was told by the town that sometimes council may wave these fees I would appreciate your consideration on this matter and thank you very much for accepting this letter.

Thanks Kevin Springer
