**Strathroy-Caradoc Committee of Adjustment**

**Subject: Request for Approval to Resubmit Minor Variance Application (A1-2025) (Report BBP-2025-15) – 711 Wood's Edge Road**

Dear Committee Members,

I am writing to formally request approval to resubmit my Minor Variance Application (A1-2025) without incurring additional fees. The revised submission would address only the open-air accessory building, effectively separating this matter from the broader concerns of the original application.

Given that this adjustment narrows the scope of the request rather than introducing new elements, I believe it is a reasonable approach that aligns with the intent of the minor variance process. The goal of this resubmission is to facilitate a more straightforward review while ensuring compliance with municipal regulations.

I respectfully ask the Committee to consider allowing the resubmission of this revised application without additional fees, as the request does not introduce new variances but rather refines the scope of the original application.

Thank you for your time and consideration. I look forward to your response and am happy to provide any additional information needed.

Sincerely,

A handwritten signature in blue ink, appearing to read 'C. Wilson', is written over a light blue circular stamp.

**Christina Wilson**
