To whom it may concern

I am submitting this application on behalf of the Diabetes Education Program for Middlesex Hospital Alliance.

In the past years we have attended the downtown market without charge to provide free blood glucose screening and education for any attendees. Our purpose in doing this is to provide education as well as awareness about diabetes. This year we would like to participate in the evening market on May 17, 2025 as well as a Saturday morning market in August.

Thank you in advance for your consideration.
