

March 19, 2026

Dear Mayor Grantham and Members of Council,

I am writing to express my full support for the proposed Strathroy Hospice project at 7013 Walkers Drive. This initiative will provide essential end-of-life care to residents of Strathroy-Caradoc and the surrounding rural and Indigenous communities, addressing a clear and growing need in our region.

Having seen first-hand the positive impact of the Chatham-Kent hospice in my community, I understand the profound difference a local, home-like hospice facility can make for families during difficult times. The proposed hospice will provide a serene, supportive environment with individual suites, spaces for reflection, and community engagement through gardens and volunteer opportunities.

I am encouraged by the strong community support for this project, including endorsements from local health organizations, Ontario Health, and Strathroy Middlesex General Hospital. I also recognize the careful planning and consideration being given to maintain the rural and agricultural character of the area.

Please know that I fully support this project and its potential to enhance health care services, provide dignity and comfort to patients, and relieve pressures on local hospitals. I am confident it will be a valuable asset to our community for years to come.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Steve Pinsonneault', with a stylized flourish at the end.
