**Subject:** Regarding Application; ZBA1-2026

Please note I am the property owner directly beside said property. The changes you are proposing appear one-sided and biased. There are several reasons to further evaluate before any action is permitted. Horrified to hear my backyard may become part of a parking lot. Dangerous corner already. Several repeated by-law infractions recently performed.

I would like to be included in any upcoming hearings or meetings. I will attend in person. My name is Frank Kovacs, 293 Front St. East, Strathroy, Ontario. 519-.Please send this application to planning department for further instructions.
