**AMENDMENT NO. 13
TO THE OFFICIAL PLAN OF
THE MUNICIPALITY OF STRATHROY-CARADOC**

PART A

Part A is the preamble to Amendment No. 13 to the Strathroy-Caradoc Official Plan. Part A does not constitute part of the amendment. It provides general introductory information on the purpose, location and basis of the amendment.

PART B

Part B, consisting of the following Official Plan text and attached Schedule amendments (Schedules 'A' to 'F') constitutes Amendment No. 13 to the Strathroy-Caradoc Official Plan.

PART A – THE PREAMBLE

1.0 PURPOSE AND EFFECT

The purpose of this Amendment is to implement a number of changes to the Official Plan to (re)designate three areas in or adjacent to the boundary of the Strathroy settlement area and add site-specific policies regarding those areas, as applicable.

2.0 LOCATION

This amendment applies to the following site-specific areas in Strathroy:

- Lands situated generally to the southeast of Carroll Street East and to the northeast of Saxton Road.
- Lands situated generally to the west of Darcy Drive and generally to the north of MacDonald Street.
- Lands to the north of Albert Street and generally to the west of Dominion Street.

3.0 BASIS OF THE AMENDMENT

OPA 13 has been adopted by Council, as an Amendment related to the designation of the three site-specific areas, as detailed in the Scoped Review of Strathroy Settlement Boundary Background Report. As Phase One of the Official Plan Review, a scoped review of three areas of land in or adjacent to the Strathroy settlement area boundary that were identified as potential candidates for designation as Residential areas under the Official Plan. This exercise was the continuation of previous work municipal planning staff undertook in 2019 and 2020 through a Residential Land Needs Assessment (RLNA), which found that Strathroy-Caradoc has both a short- and long-term deficit of vacant land available and appropriate for residential development.

Through the RLNA process, three areas of land were identified that could help offset the deficit of developable land within the Strathroy Settlement Area, in the interim, while the Official Plan is being reviewed and updated. Two of these areas were previously transferred from the Township of Adelaide Metcalfe and are currently not included in the Strathroy-Caradoc Official Plan; the remaining area is currently designated as Urban Reserve in the Official Plan.

The background review of the legislative and policy context for Strathroy-Caradoc, developed a set of guiding principles for the designation of the three areas, and undertook an options analysis for each of the three areas that examined the feasibility of different land use designations for the three areas. Factors considered included the

demonstrated need for new residential lands, availability of existing commercial and industrial lands, servicing availability and access, natural heritage and environmental features, and proximity of the areas to community services and facilities such as parks and schools.
