

2022 Proposed
Budget
Presentation
February 7, 2022

Municipalities collect just eight cents of every tax dollar paid in Canada. Meanwhile, they build more than one-half of the country's core infrastructure.

Without access to revenues that grow with the economy, and without sufficient long-term investments by other governments, municipalities continue to face a structural gap between their growing responsibilities and the resources they have to meet them.

## **Highlights and Lowlights**

- 1. Municipal Debt will be paid down \$773,319 in 2022. At year-end 2022, outstanding debt will be \$2.6M.
- 2. Municipal Reserve funds are continuing to be rebuilt to ensure municipal funding is available when capital project comes due and to provide operating working capital
- 3. Municipal fleet program ensures funding is available when equipment needs replacing
- 4. Development charges are being better utilized to ensure they pay for future development
- 5. OMPF Funding reduced by \$25,700 in 2022, or \$522,200 since 2013 which represents a 75% cut in funding

# Where Does the \$23,402,028 In Taxation Come from?

### **Assessment**

In 2021, the Municipal levy was 55% of the total tax levy (County 32%, Education 13%)

These percentages should not change much unless there is a significant change in the levy for one or more of the above jurisdictions.

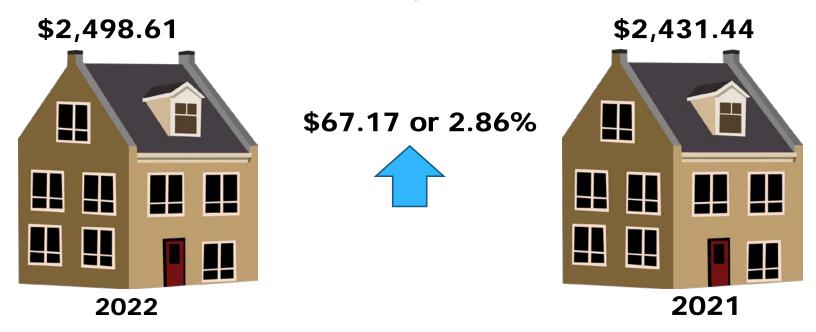

# Homeowner Impact

## What is my Municipal Tax increase?

For every \$100,000 of assessment the average tax increase is \$19.19. As an example, for a home assessed at \$350,000 the average tax increase is \$67.17:

Note: Excludes the Education tax as set by the Province and County Tax as set by Middlesex County. If there are changes to any of those amounts it will affect the total tax rate.
